## VAPOR... ALL IS...

Eccl. 1:2 Vapor of vapors and futility of futilities, says the Preacher. Vapor of vapors and futility of futilities! All is vanity (emptiness, falsity, and vainglory).

Vapors of vapors... and futility... of futilities... All is vanity... What does vapor looks like? and what does things looks like through vapor?... Do we things clearly?... well... sometimes we tend to think that we do know and that we do see things clearly when in all truth we are seeing things out of perspective and/or out of focus. I remember one time when I went to the ophthalmologist and he performed the test to see how well I saw. When he started changing the small glasses was when I realized... that I wasn't seeing things clearly... that I needed help to see things clearly... So, the question is... are we seeing things clearly? or do we need Help to see things in focus? If we need Help, I ask... is it permanently or just once in a while? Why do we think that a Helper had been provided if we can see things clearly and in focus without help?... there are people all over the place that need us to see what their conditions are in order to be able to help them, and also because it is a two way road, we need them to see clearly so they can help us too.

Grace and joy be abundant upon your house today.
